BEST GENSET SOLUTIONS

**THE DEUTZ VISION:
 WE OFFER THE MOST SUCCESSFUL
 ENGINE SYSTEMS IN THE WORLD**

In the year 1864, Deutz was the first engine manufacturer in the world.

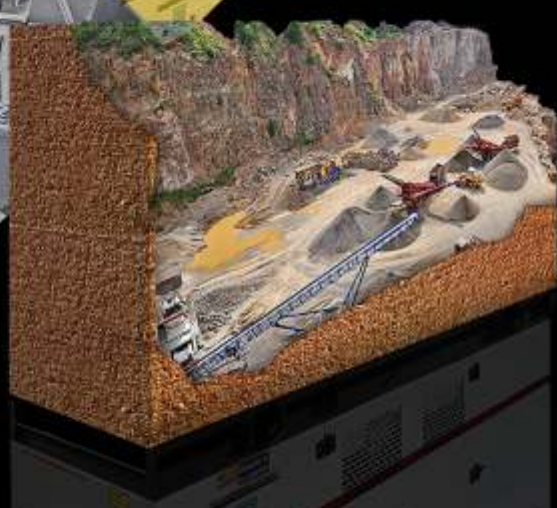

First when it comes to customer value, quality, and technology, as well as systems solutions and service solutions, on all matters related to engines and, last but not least, first in the market of Power Generation.

As the leading independent supplier in the premium segment, Deutz wants to be the innovations leader in technology geared to market requirements. The Company aim to not only provide engines to our customers, but complete systems solutions and comprehensive services.

The name Deutz will remain the synonym for quality in the future.

The goal is to offer customers the best cost-benefit ratio and generate the greatest customer satisfaction with Deutz products and services.
